

GOVERNMENT OF THE REPUBLIC

Ministry of Information and Open Government

Department of Data Sharing • New Delhi

Circular No: MIOG/2026/05-42

Date: May 8, 2026

To,

All Heads of Departments,
Chief Secretaries of States/UTs,
Public Sector Undertakings.

Sir/Madam,

SUBJECT: Mandatory Implementation of the Open Data Sharing Policy (ODSP) V2.0 across all Government Departments and Affiliated Agencies.

1. In continuation of the Open Government Data Initiative, this circular is issued to mandate the implementation of the updated **Open Data Sharing Policy (ODSP) V2.0** across all governmental departments and affiliated agencies, effective June 1, 2026.

2. The revised policy aims to enhance transparency, foster domestic innovation, and enable data-driven governance. Open access to non-sensitive public data is a cornerstone of digital empowerment. All departments are hereby directed to identify and proactively release machine-readable datasets on the central Open Government Data (OGD) Portal.

3. Key Directives for immediate compliance:

- Data Audit:** Conduct a comprehensive data audit within 30 days of this circular's issuance to identify High-Value Datasets (HVDs).
- CDO Nomination:** Nominate a Chief Data Officer (CDO) at the rank of Joint Secretary or above to oversee departmental compliance and coordinate with the Ministry.
- API Integration:** Ensure that dynamic datasets (such as transport, weather, and market indices) are updated programmatically via standard Open APIs rather than manual uploads.

4. Non-compliance with these directives will be reflected in the annual Digital Governance Performance Index (DGPI). Detailed guidelines, technical specifications, and security protocols are annexed to this circular and are available on the Ministry's internal intra-portal.

5. This issues with the approval of the Competent Authority.

Yours faithfully,

(Dr. A. K. Sharma)

Joint Secretary to the Government
